

Job offer

Project QHSE Coordinator

Our Purpose

More and more the world is realizing that we need to preserve our planet and that it requires a much more sustainable approach on agriculture. Also, the world deserves access to healthy food.

Our mission is to provide a sustainable taste anywhere.

Therefore, we design, build and operate tailor made horticultural solutions for our clients, with a reduced footprint in natural resources, water, CO2 and pesticides. We continuously invest in R&D to strengthen our propositions. This vision allows us to operate our business successfully for a better future.

Our Values

We think and act responsibly for our environment and are committed to realize a sustainable solution for every project. We are curious and with our passion for technology we are determined to advance the industry. We listen to the demands of our clients, are committed to project result and have fun along the way. We take initiative and like to be challenged. And, we act as a team and assure our clients can continue to rely on our qualitative work.

At Van der Hoeven Horticultural Projects you will be working in a professional, fast-growing and collegial organization realizing horticultural projects both in the Netherlands and abroad

The role: Project QHSE Coordinator

Your main objective is to ensure safe and qualitative operations for horticultural projects. You will report to the Project Director. More specifically you will be held accountable for;

- Developing and maintaining statistical data and report on a weekly basis (LTI/LTA)
- Ensuring that WSP health & safety and environmental policies are upheld during projects
- Participating in H&S site inspections
- Acting as the primary interface between the Contractor's QHSE and the Client's QHSE management teams
- Writing quality and Safety Plans
- Liaising with Project Team (Engineering, Procurement and Construction functions, and others as required) to maintain and improve awareness of project safety and quality protocols

Your profile

We would expect a solid QHSE background. You are a self-starter, result oriented and resilient when required. Proven QHSE skills is a must. You are committed to project results. Requirements;

- Experience in QHSE
- Relevant experience in construction management
- MBO/HBO education in relevant safety field
- A candid team player who collaborates with colleagues to solve problems
- Willingness to travel when deemed required
