## Manager Projects

---

More and more the world is realizing that we need to preserve our planet and that it requires a much more sustainable approach on agriculture. Also, the world deserves access to healthy food.

Our mission is to provide a sustainable taste everywhere.

Therefore, we design, build and operate tailor made horticultural solutions for our clients, with a reduced footprint in natural resources, water, CO2 and pesticides. We continuously invest in R&D to strengthen our propositions. This vision allows us to operate our business successfully for a better future.

At Van der Hoeven Horticultural Projects you will be working in a professional, fast-growing and collegial organization realizing horticultural projects both in the Netherlands and abroad.

We are looking for a Manager Projects.

### **The role: Manager Projects**

You're main objective is to further build the project execution pillar and to safely execute the international project portfolio together with your team of 7 Project Managers and 7 Project Coordinators. The portfolio predominantly consist of Turnkey (EPCI) projects, as well as Irrigation and/or Electra subsystems, both in the horticultural sector. You will report to the COO. More specifically you will be held accountable for;

- Optimizing our generic project management methods
- Project -planning, -team performance, -risk management and -reporting
- Project budget and safety & quality performance
- Contract management throughout the execution phase
- Selection and management of key project subcontractors and suppliers
- Construction, commissioning and handover performance
- Initiative to further strengthen the project execution team
- Lead the team and share your experience and knowledge
- Champion QHSE throughout the organization

### **Your profile?**

We would expect a solid engineering and/or technical background. You are a self-starter, result oriented and resilient when required. Proven international project management skills are a must. You combine technical knowledge, a process oriented approach and people management skills to improve project operations and you lead by example and are committed to up the capabilities of your team with your (authentic) leadership.

### **How we work**

We think and act responsibly for our environment and are committed to realize a sustainable solution for every project. We have a passion for technology and are determined to advance the industry. We act as a team and assure our clients customers can continue to always rely on our qualitative work.

### **Are you interested?**

Does the above profile speak to you? If so, please send your application letter and CV to Heleen van der Vaart, HR: [h.vandervaart@vanderhoeven.nl](mailto:h.vandervaart@vanderhoeven.nl).
