

Job offer

Project Controller (Saudi Arabia)

Our Purpose

More and more the world is realizing that we need to preserve our planet and that it requires a much more sustainable approach on agriculture. Also, the world deserves access to healthy food. Our mission is to provide a sustainable taste everywhere. Therefore, we design, build and operate tailor made horticultural solutions for our customers, with a reduced footprint in natural resources, water, CO2 and pesticides. We continuously invest in R&D to strengthen our propositions towards our customers. This vision allows us to operate our business successfully for a better future.

Our Values

We think and act responsibly for our environment and are committed to realize a sustainable solution for every project. We are curious and with our passion for technology we are determined to advance the industry. We listen to the demands of our clients, are committed to project result and have fun along the way. We take initiative and like to be challenged. And, we act as a team and assure our clients can continue to rely on our qualitative work. At Van der Hoeven Horticultural Projects you will be working in a professional, fast-growing and collegial organization realizing horticultural projects both in the Netherlands and abroad.

The role: Project Controller (Saudi Arabia)

Your main objective is to monitor and execute the turnkey horticultural projects in the Kingdom of Saudi Arabia (KSA) financially. You will report to the Project Director. More specifically you will be held accountable for;

- Budget and cash flow throughout Project
- Liaising with Project Team (Engineering, Procurement and Construction functions, and others as required) to maintain awareness of project activities and their impact on the project budget, schedule, and cost forecast.
- Reviewing and issuing updates to project cost forecasts
- Monitoring the preparation of Value Added Tax and Corporate Tax returns for Project related company(s), and identify optimizations.
- Monitoring and reporting on the Local Content Requirement progress

Your profile?

We expect a solid financial background. You are a self-starter, result oriented and resilient when required. Proven project controlling skills in KSA is a must. You lead by example and are committed to project results. Requirements;

- Bachelor's Degree in a relevant financial discipline
- Minimum 5 years of prior experience in project controlling
- KSA experience is a must
- Excellent knowledge of cost and related principles and techniques including budgeting, forecasting and cash flow
- Knowledge of Project Execution procedures for Cost Management, including Change Management
- Excellent understanding of WBS & CBS structures and project reporting capabilities
- Advanced ability to develop project cost budgets and change estimates
- Advanced ability to produce Cost Reports
- Strong understanding of change management and associated cost and schedule processes
- Willingness to travel to KSA when deemed required
