

Job offer

Project Supply Chain Coordinator (Saudi Arabia)

Our Purpose

More and more the world is realizing that we need to preserve our planet and that it requires a much more sustainable approach on agriculture. Also, the world deserves access to healthy food.

Our mission is to provide a sustainable taste everywhere.

Therefore, we design, build and operate tailor made horticultural solutions for our customers, with a reduced footprint in natural resources, water, CO2 and pesticides. We continuously invest in R&D to strengthen our propositions towards our customers. This vision allows us to operate our business successfully for a better future.

Our Values

We think and act responsibly for our environment and are committed to realize a sustainable solution for every project. We are curious and with our passion for technology we are determined to advance the industry. We listen to the demands of our clients, are committed to project result and have fun along the way. We take initiative and like to be challenged. And, we act as a team and assure our clients can continue to rely on our qualitative work.

At Van der Hoeven Horticultural Projects you will be working in a professional, fast-growing and collegial organization realizing horticultural projects both in the Netherlands and abroad.

The role: Project Supply Chain Coordinator (Saudi Arabia)

Your main objective is to assess and define the local sourcing strategy for turnkey horticultural projects in the Kingdom of Saudi Arabia (KSA). You will report to the Project Director. More specifically you will be held accountable for;

- Identifying and assessing local sourcing options for greenhouse EPCI projects
- Liaising with Project Team (Engineering, Procurement and Construction functions, and others as required) to maintain awareness of project activities and their impact on the supply chain in KSA
- Documenting and reporting on the project supply chain status
- In liaison with project finance, monitoring and reporting on Local Content Requirement progress

Your profile?

We expect a solid supply chain and/or procurement background. You are a self-starter, result oriented and resilient when required. Proven technical purchasing skills in KSA is a must. You lead by example and are committed to project results. Requirements;

- Minimum 5 years of prior experience in purchasing
- KSA experience is a must
- Willingness to travel to KSA and NL when deemed required
- Technical background
- Experience in a project environment
- Flexible working hours
